

## Decide to Drill Well For Showers, Weddings, Etc. Vulcan Re-Habilitation Committee Organized

**Water Supply will determine size of swimming pool**  
**Town Gives Full Co-operation As To Site**

At a special meeting of the Vulcan Town Council held last Thursday evening, July 5th, a delegation from the Vulcan Lions Club outlined to the council its plan for constructing a community Memorial Swimming Pool in Vulcan. After reviewing the plans, the members of the council complimented the Lions Club upon their plans and offered the full co-operation of the council as to site, etc.

The well is to be drilled adjacent to the old tennis court and the golf club house. It will be drilled by L. Granlin, and it is expected that he will start immediately.

A town well is also situated there, which is capable of producing about eight gallons per minute and is about 130 feet deep.

It has been found that wells are required which will give a minimum of 22 gallons per minute. It is the intention of drilling to a deeper level so as to draw from a different pool of water. This will prevent any danger of draining adjacent wells and permit using both wells at the same time for the swimming pool. The wells will be tested as to capacity as soon as possible for two reasons. Firstly to determine the amount of water available because on this depends the size of the swimming pool, and secondly this information will shortly be necessary in determining the feasibility of town waterworks.

The size of the proposed swimming pool cannot be determined until the amount of water available has been determined and thus the cost of the pool cannot yet be arrived at.

Three plans of sewerage disposal have been put forward and the final decision will rest upon the engineer's report. The most suitable location on this site will also be chosen by the engineer.

The Poothills Health Officer has been consulted and it is found that such a pool would require a filtration and chlorination system and the water changed at least once in seven days depending on how much it is used. The water drained off will not harm vegetation.

Present plans are for a pool to operate for the three summer months.

As a building permit is not available this summer, it has been decided to go ahead with the well as soon as possible, get the tests made determine the size of the pool, have an engineer make a survey, check the gravel, etc., then draw up the plans, submit them to the provincial engineer for approval and any recommendations he may be able to make, draw up the completed plans, get the required building permit and submit the construction to tenders.

Financing of the pool will be by direct appeal, to be made as soon as the well is tested.

While the Vulcan Lions Club has taken the initiative towards obtaining this much felt want, it is not their intention of running it upon completion. It has been found that where such pools were in operation in other communities, that patrons attended from a wide area. In view of this fact, the Lions passed the following resolution at their last meeting.

"That when the proposed swimming pool is completed, that this be turned into a community enterprise with a directorate composed of a member of the Lions Club, the Town of Vulcan and the Municipality of Vulcan, as well as various organized bodies that care to substantially support the enterprise."

Further information on this enterprise and full reports as to progress will appear in the Vulcan Advocate from time to time.

### RED CROSS NOTES

The following were sent to the Alberta Division, Calgary: 4 quilts, 2 prs. ladies' hose, 6 children's pantie dresses, 20 diapers, 10 wash cloths, 2 pr. boys' shorts, 3 girls' jumpers, 10 children's sweaters, 13 prs. socks, 25 prs. men's socks, seaman's scarf, turtle neck tuck-in, 12 children's coats, pr. mitts and three prs. men's hospital pyjamas.

### BERRYWATER NEWS

Stampede visitors from the district are: Mr. and Mrs. L. Palmer, Orville Speer, Miss Bernice Bittorf, Mr. and Mrs. L. Oldfield and daughter Anne, Mr. and Mrs. W. Oldfield, Mrs. R. Adam and daughter Norma, Mrs. Doeling and Mrs. Schwarz.

Miss Marjorie Love has accepted a position on the Municipal hospital staff for the summer.

Mr. Neil McDonald is a guest at the H. Douglass home.

Mr. and Mrs. D. B. Smith, Betty and Russel were Calgary visitors last week-end.

A severe hail storm visited the district on Monday last and flattened many fields of grain, while others suffered varying degrees of damage. A week of fine growing weather, with plenty of moisture has made good progress in restoring some crops, which were not too far advanced when hailed. Farmers hold forth hope that, with a late fall, those fields may yet yield a fair crop.

A splendid demonstration on furniture renewing and interior decorating was enjoyed by a large group of ladies on Friday last at the home of Mrs. W. Oldfield, when Miss Norma Hogg explained how to re-upholster a chesterfield chair; better ways to hang drapes; making plaques, and many other things of interest to the home-maker. Lunch was served at the conclusion of the afternoon by the hostess assisted by the U.F.W.A. members.

Will members of the U.F.W.A. please remember the meeting to be held July 19th at the home of Miss Gladys Baden.

### Standardize Machine Parts

A correspondent advances a suggestion with which most farmers will agree, since they have, at one time or another, encountered the annoying lack of standardization of which he complains.

"Why," he demands, "cannot parts of farm machinery be made so that they are interchangeable? Our mowers should be so designed that the guards and knife sections of one make would fit on the machine built by another firm. Wagons should have a standard size of skein so that we can replace a broken wheel with one from the old wagon. Too often we find that our dealers are stocked with plowshares identical in every respect with the ones we want, except for the location of the bolt-hole."

"At this time," he concludes, "implement makers are preparing their new models for post-war sales. Can't they standardize removable parts? It would save us money, and what is equally important these days, save us time on the farm."

### Fighting Freight Raise

The report that the C.P.R. and C.N.R. are pressing for a steep increase in freight rate is bringing sharp protest from the west. The call for higher freight rate comes from increased cost of material and labor for railway companies.

Those opposing any increase claim that though wages and costs of materials may have gone up, so also have the earnings of transportation companies. The result of any raise in freight rates would mean increased cost of production to farmers, and increased cost of distribution of commodities.

At the present time Alberta and B.C. have called for reduced freight rates, and B.C. charges excessive discrimination against B.C. and Alberta has its grievances.

This may become one of the most important matters of discussion at the Dominion-provincial conference in July.

### MITCHELL DRUG STORE WINS RECOGNITION

Mitchell's Drug Store, Vulcan, has won the cherished award of Rexall Honor Roll for 1945. This achievement places the store among the upper 10% of the nation's finest and more progressive drug stores. In connection with this it has a transfer sign on its front door window reading "This is a Rexall Honor Roll Store—1945" and a "Rexall Certificate of Merit," signed by Mr. Liggett and Mr. Galvin. The Advocate joins in extending congratulations to Mr. Mitchell and his staff on this splendid achievement.

### SHELDRAKE-CAMPBELL

A pretty wedding was solemnized at Central United Church, Calgary, at 7 p.m. June 6th, when Louise, daughter of Mr. and Mrs. J. E. Campbell, of DeWinton, formerly of the Reid Hill district, became the bride of Flight Sgt. Robert Sheldrake, son of Mr. and Mrs. H. Sheldrake of Brooks, Alta. Rev. C. Andrew Lawson performed the ceremony. The bride, who was given in marriage by her father, was charming in a broadened organza gown with sweetheart neckline and chapel veil. She carried a bouquet of red roses.

The bride was attended by her sister, Mrs. Virginia Jacobson, who wore a white sheer gown and carried a bouquet of pink and white carnations. Cpl. W. C. Bittorf accompanied the bridegroom.

Following the ceremony a reception was held at the Empress Grill. The bride's table was centred with a three-tiered wedding cake and Mr. Reg. Clark, uncle of the bridegroom, proposed the toast to the bride and groom. Guests were: Mr. and Mrs. H. Sheldrake, Miss Mildred Sheldrake, Mr. and Mrs. Reg. Clark, Mrs. Muriel Sparrow, all of Brooks, Mr. and Mrs. J. E. Campbell, Misses Edna and Lorraine Campbell of DeWinton, and Master Garry Bittorf of Calgary.

The young couple left later for Banff for their honeymoon. The bride wore for a going-away a three-piece tweed suit with gold and brown accessories and a corsage of gardenias.

Upon their return to Brooks the bride will continue her work at the E.I.D. office, while the groom will return to his duties in the R.C.A.F.

A lovely shower was held at the home of Mrs. Muriel Sparrow at Brooks, Alta., the evening of June 25th, in honor of Mrs. Robert Sheldrake (nee Louise Campbell). Gifts were presented to the bride in a decorated miniature airplane. The bride's sister, Mrs. Virginia Jacobson, assisted in opening the gifts. The evening was enjoyed by all in contests and games and a lovely lunch was served by the hostess. Mrs. Sheldrake gave thanks to all her friends for the many lovely gifts.

Mrs. Eddie McLean and family of Nanton were recent guests at the Les Middleton home here.

### FRANCES JEAN McMASTERS HONORED AT SHOWER

A shower sponsored by the Good Dreds W.I. was held at the home of Mrs. Cecil Dennison on Sunday, July 1st, for Frances Jean, daughter of Mr. and Mrs. Harry McMasters. A corner of the living room was decorated with pink and white streamers, forming a bower, under which the bride-elect was seated at a table laden with lovely gifts. There were about forty ladies present from the surrounding district. The bride thanked the ladies for the gifts and invited them to visit her at her home in Calgary, after which a delicious lunch was served.

### MOTORCYCLE CRASHES

#### R. Kennedy Fatally Injured

**Popular Young Man of Brant Killed Almost Instantly When His Motorcycle Collides with Passenger Car**

Robert Foy Kennedy, 21-year-old son of Mr. and Mrs. J. R. Kennedy of Brant, was fatally injured west of Calgary on Sunday morning, when his motorcycle which he was riding collided with a passenger car. The motorcycle burst into flames and was tossed about ten feet pinning the young man underneath. Severe burns of arms, legs and back resulted, besides injuries to skull and ribs. The young man died in a Calgary hospital about 1½ hours after the accident happened.

This was the tragic end of a holiday in Banff which Bob Kennedy and Leighton Clingman of Hinton had been enjoying for a few days. They were homeward bound on Sunday morning on their motorcycles, and the car with which Kennedy collided was headed west toward Banff. At the point where the accident occurred a car and trailer were parked on the south side of the road. This may have obscured the view for the motorcyclist. Clingman brought his motorcycle to a stop when he

### PARFETT — TOM

A wedding of interest throughout the Vulcan and Milo districts took place Friday evening, July 6, at the Crescent Heights United Church, Calgary, when Orph. Clare, R.N., youngest daughter of Mr. and Mrs. Roy Om, became the bride of Sgt. John A. Parfett, of Bruce, Alta., the Rev. Burkholder, officiating.

Given in marriage by Mr. W. F. Durston of Calgary, the bride wore a gown of white battenburg net over satin with long fitted bodice, round neckline, a full floor length skirt with bustle effect, long sleeves tapering over the wrist and a row of satin-covered buttons at the back of the bodice. Her long halo effect veil was held in place by a spray of lily of the valley and she carried a bouquet of red roses.

Her ornaments were a pearl necklace, a gift of the groom, and a gold and sapphire brooch which had been worn by the groom's mother on her wedding day.

Miss Ila Yorston, matron of the Viking Municipal Hospital, acted as bridesmaid. She wore a slipper-length dress of blue point-de-sprit net over blue satin, styled with a long torso shirred bodice with peplum effect and short puffed sleeves. She wore long blue lace gloves and a blue chapel veil held in place by a wreath of blue velvet flowers. Completing her ensemble she carried a bouquet of kakoma carnations and sweetpeas.

Best man was William Parfett, brother of the groom. Stanley Sorenson of Viking was soloist and sang "I'll Walk Beside You" accompanied by Mr. Choppin on the organ. Flt./Sgt. Huyck and Lieut. R. Major were ushers.

A reception was held at the home of Mrs. W. D. Campbell, 220-14th Ave. N.E., where the bride's table set with ecru lace and tall tapers and bright with pink sweetpeas and white button dahlias, was centred by a three-tiered cake.

Receiving with the wedding party were Mrs. Tom and Mrs. Parfett. The former chose a two-piece ensemble of bluish rose crepe with white accessories and a corsage of Tallisman roses.

The couple left for a short trip through the mountains also visiting some northern points.

For travelling the bride wore a honey gold dressmaker suit and topcoat of cocoa brown wool with brown accessories.

Out-of-town guests were from Drumheller, Queenstown, Turner Valley, Viking and Sundre.

Calgary, after which a delicious lunch was served.

Miss McMasters became the bride of Stanley M. Smith of Medicine Hat at a quiet ceremony at the Central United Church, Calgary, on Saturday, July 7th, at 7 o'clock. The happy young couple are honeymooning at Banff.

### JOHN ARNOLD JONES PASSES TO REST

Funeral services for John Arnold Jones, old-timer of the Kirkcaldy district, were held Tuesday forenoon July 10th, at 2 p.m. from the Park Memorial Chapel, Calgary.

Deceased passed to rest on Sunday, July 8th, following a short illness, at the age of 67 years. He was predeceased by his wife in 1928. He is survived by one son, Arthur, at Vulcan. Mr. Jones was a resident of the Kirkcaldy district for the past 32 years, and will be greatly missed by a wide circle of friends.

A number of friends and neighbors motored to Calgary for the funeral. Interment followed in the Burnsland cemetery, Calgary. Snodgrass Funeral Home was in charge of the funeral arrangements.

### MAYVIEW NEWS

Recent guests at the E. Rushfeldt home were Mr. and Mrs. F. Colson of Calgary and Mr. and Mrs. Keith Rowland of Aldersyde.

We are very pleased to report that Mr. Tom Love's health has been much improved since his recent operation.

Mr. and Mrs. D. L. Doane and Mr. L. E. Richardson attended the poultry meeting held at the Palliser hotel in Calgary last week. The speakers were Mr. J. A. Peacock from London, Eng., Mr. W. A. Brown of Ottawa, and Professor Snyder of Guelph Agricultural College.

Mr. and Mrs. Bill Sharp and family were Sunday guests at the home of Mr. and Mrs. Louis Greaves of Majorville. On their return they were accompanied by Miss Della Greaves.

Mr. and Mrs. Ivo Love and family and Mr. and Mrs. Howard Love and son were Calgary visitors last week.

Those attending the Carmangay stampede included Mr. and Mrs. E. L. Plourd and family, Mr. and Mrs. A. Knive and family, Glen Bateman, Mr. and Mrs. A. Jacobson and family, Mr. and Mrs. E. Richardson and Helen, Reg. Stein, Allan Sinclair, Lee Richardson and Ralph Nicol.

Mr. and Mrs. E. Rushfeldt and family were Banff visitors over the week-end.

Mr. and Mrs. J. W. Gerding Sr., Margaret, Bob and Norma, were recent Lethbridge visitors.

Miss Melba Stein left Saturday night by train for Calgary where she is attending the stampede.

Mr. and Mrs. Bill Sharp and family accompanied by Miss Della Greaves, were Lethbridge visitors on Wednesday, returning home by Carmangay to attend the stampede.

A meeting of the Sunshine Social Club was held at the home of Mrs. S. Nafziger, July 5th, with fifteen members and several visitors present. Further arrangements were made for the community picnic to be held at Carseland on July 25th. It was decided to sponsor a Poultry Field Day to be held at the farm of Mr. and Mrs. L. E. Richardson on August 7th. Watch for further notice in case of change of date. Mr. F. J. Higginson, Senior Poultry Inspector, will be one of the speakers. The new Turkey Banding Policy for Alberta will be discussed and a talk on chickens is expected.

The raffle was won by Mrs. Harry Graham. As the entertainment feature, Mrs. J. S. Smith gave a very interesting talk on her trip to Boston, Mass., after which a dainty lunch was served by the hostess, assisted by several of the members.

The next meeting will be held at the home of Mrs. A. Knive on August 2nd, and will be especially devoted to grandmothers.

### Wedding Bells

#### BLTYHE—SCOBIE

Of interest to this community and district is the announcement of the marriage of Miss Rhoda Fern Scobie, daughter of Mr. and Mrs. J. M. Scobie of Vulcan, to Mr. Charles Gordon Blythe, son of Mr. and Mrs. C. H. Blythe of Ottawa, Ont., on Wednesday, July 4th, at two o'clock.

Rev. John A. Waddell of Western United Church officiated. The bride was charmingly attired in a street length gown of powder blue crepe with small French head-dress of matching tulle. Her corsage was of yellow roses.

Following a brief reception at the Orange Lantern, the young couple left for Boston and New York. For travelling the bride wore a suit of biscuit beige with black accessories. Upon their return they will make their home in Woodroffe, Ont.

### Will Cover Extensive Area and Have Much Work

J. D. W. Morgan, Veterans Welfare Officer from Calgary, addressed representatives of the town council and various lodges at the Legion hall on Thursday evening, July 5th, and at the conclusion of the meeting the Vulcan and District Rehabilitation committee was formed to include those present with power to add to its number.

Mr. Morgan outlined the various phases of the re-habilitation plan for ex-servicemen and women and showed the need of a local committee to advise these men and women. The chief function would be to learn the various problems as they arise and how the enactments meet local conditions, and then to act as an advisory body to the provincial and Dominion Rehabilitation committees and to the ones affected here.

The district to be covered by this local committee covers a very extensive area and affects approximately 800 ex-servicemen and women. This is believed to be the largest of any outside the cities.

For this reason, Mr. Morgan said they are particularly anxious that the Vulcan committee include representatives from the town, Legion churches, the municipality and the various lodges and service clubs, that it be a very active club, with sub-committees for Veterans' Land Act dealings, for employment, one to deal with the returning women, etc., and to have sub-committees in all the other towns and villages in this area.

In outlining the scope of the work, he stressed that the Department is doing its utmost to deal as fairly as possible with every case, and to see that anyone with a grievance has it righted, and it is in the latter case that the local committee has splendid opportunities to do some good work, because they are closer to the problem, and its recommendations will be given careful consideration.

A meeting of the Provincial Rehabilitation committee and representatives from the local committees is meeting in Calgary on July 23, 24 and 25. A representative from Vulcan will be in attendance.

C. R. Robson was elected president and D. McQueen as secretary of the Vulcan Rehabilitation Committee. Watch these columns for further reports of activities.

### Recognition For Brant Boy

Honor has come to Bill Bertrand of Brant who is serving with the U.S. navy. He has been mentioned in despatches, and in addition his outfit in the navy has received a citation from a high ranking officer. The insignia of this citation appears on every service jacket of the company of men so honored.

The citation commends courageous performance "on combat duty as a courageous, difficult and dangerous as any to be found in this war."

It is explained that owing to the nature of this operation and necessity for concealment from the enemy, it is impossible to give much publicity and public acclaim or to give individual awards or personal recognition.

"But the unflinching performance of duty without hope of personal reward, is a higher merit of distinction than any that could be given." The citation speaks specifically of the "unswerving loyalty and perfect team work" which characterized the men in battle action.

Each man in the outfit receives a copy of the citation, which is very highly prized.

### OVER \$1000 I STAMPS SOLD AT THE VULCAN SCHOOL

The stamp sales at the Vulcan school for the period March to July 6th, totalled \$251.50. This sum added to the previous sales makes a total of \$1,155.25 worth of stamps sold for the whole year. This is a fine contribution and means that on the average every student has purchased at least one whole certificate. In addition to this work, Miss Fair's room contributed \$12.20 to the Red Cross, which is hereby heartily acknowledged. Nice going, students!

### DEMOCRACY

AN outward and visible sign of the workings of democracy was evident in the recent federal election which produced half-a-dozen or more parties, all advocating their own policies for the welfare of the Dominion. Only three of these parties entertained any hope of forming a government. The others, each cherishing its own beliefs, aimed only at a few members to form an opposition all its own.

But democracy expressed itself in the perfect freedom with which all parties carried on their campaign. Anyone is free to launch a new party, violently opposed to the existing government. Every man in Canada is free to vote for whatever party he chooses, and there are no reprisals. The time is past when he need be afraid of losing his job because he votes wrong. There is no intimidation at the polls. The orderly minded man may yearn for the old two party system as reflecting more nearly the true sentiment of the electorate, but aside from argument he has no weapon to enforce his yearnings.

And under the democratic system a government upon its election is supposed to look after the interests of all Canada, not merely the sections which gave best support. Looking back over Canadian history it is surprising to find how conscientiously the government does try to follow that ideal. Of course no part of the country and no element of economic life is completely satisfied which perhaps is further sign of the effort toward equitable treatment.

The prairie provinces are an example of an area

that would fare badly if the federal government followed the grim old principle of a tooth for a tooth. Alberta particularly on its political record of the past 24 years has been consistently slapping at Ottawa, first one cheek then the other cheek. Yet we are not cast into outer darkness. We fare about as well as the faithful Muffins. For twenty-four years Alberta has been expressing its individualism by electing members who cannot hope, apparently within their lifetime, to be more than an opposition. Not only that, but the province doesn't stay of one mind long enough to make a lasting impression. No sooner had it achieved trained and able parliamentarians out of its coterie of fighting Progressives, than the electorate ditched these representatives, and elected another group of entirely different ideology, completely at odds with any traditional policies. Surely Alberta's aims in the federal field must be a perplexity to the senior government.

And in the last election Saskatchewan joined the ranks of the western free thinkers, but it elected C. C.F. members definitely opposed to the faith of Alberta's Social Crediters. It might reasonably have been expected that Alberta and Saskatchewan, having similar problems and dependent for prosperity on much the same considerations, would have been united under a similar banner. But no, they increase confusion by following two different opposing parties. Who can dignify the western vote made up of such strange patterns?

Most westerners agree in their quiet hours that the prosperity of the West is largely dependent on export trade and expansion of trade relations the world over. But when they vote, they support parties that are concerned with world trade only to a minor degree.

One might think that the quickest and most effective way to advance the gospel of the west would be by working from within the old parties.

But that is not the way we express ourselves. We rebuff the government, regardless of concessions we may have received. And immediately after the elections are over, we start sending delegations to Ottawa clamoring for a fair deal. We do this serene in the consciousness that no matter how we may vote at election time we are going to be looked after. This is democracy.

### Growing Crops Getting Rain

In the southern part of the province the rainfall of spring and early summer has exceeded expectations. In the southwest part of the province rains have been very heavy, and the only part of the south where need for more rain is felt is an extreme south-east section. But the northern part of the province had not experienced similar wet weather up to end of the month, and from Lacombe north rain has been badly needed. The area around Edmonton has been very dry.

Wheat growth on an average is much behind normal years. In the southern part of the province wheat is in the shot blade, and present indications are for a heavy crop if the grain ripens in time.

Locally and in the southern of the province warm weather is needed to bring on growth to normal. Light frosts were experienced several nights in June.

Heavy rains last week visited Grande Prairie, Sexsmith, Dawson Creek and northern areas where moisture is badly needed.

### NEWS OF INTEREST

The Moscow radio says that a mutual aid pact with Russia is the hope of China and Dr. Soong is now visiting Molotov to discuss Chinese-Russian relations.

A fish measuring controversy, in Calgary police court centred round whether a small fish should be measured from tip of nose to end of tail or from tip of nose to centre of tail. Which?

large part of its requirements in Eastern Canada. If the same tariff policy is to continue, Alberta might reasonably ask for some compensation in freight rates.

The export rates on grain and grain products enjoyed by the prairie provinces under the Crow's Nest Pass agreement are lower than comparable U.S. rates, but higher than export rates enjoyed by Eastern Canada.

In the May 26 issue of the Albertan it was pointed out that on many essential items the freight rate from Montreal to Calgary was from 100% to 300% higher than the rate for the same commodities from Montreal to Vancouver.

### UNITED CHURCH

The subject next Sunday morning in the United Church "How may we enjoy a steady flow of sustaining power in our daily lives?" reveals the limitation of psychiatry and leads us far beyond that helpful science. This should be inspiring and helpful to everyone. Students are especially invited.

If you worship God with your neighbors in the morning, your day of rest will mean far more to you.

## The WEST LOOKS FORWARD!

With Earnest Faith and Vigorous Work; Sound Preparation and Courageous, Far-Seeing Plans!

Yes, the West is tackling the job—largely through the thorough and well-planned projects conducted by the Departments of Agriculture of the several Provincial Governments and University extension courses.

Calf Clubs, Swine Clubs, Bacon-letter competitions; women's and girls' Home-maker Club work, Kitchen Improvement competitions, and other courses and projects, now find fulfillment in prize-winning sales of show-beef, awards in numerous ways for the past seasons' study and work. And greatest reward of all, the wide extension of learning and knowledge to all who participated.

To planners and leaders, teachers and students and club members, EATON'S offers cordial congratulations on their work and attainments, and hopes to have the privilege in each succeeding year of continuing to help in this Winning of the West to a new and greater future.

NATIONAL GRAIN CO. LTD.

WHAT DOES IT MEAN?

## POLYMERIZED

PURITY "99" MIRACLE  
GASOLINES

## MEANS . . .

### ECONOMY

"Polymerization" of Purity and Miracle "99" gasolines means extra mileage — as much as 12% by actual test—because the uniform molecules produced by the process give smoother, cooler operation.

### PERFORMANCE

"Polymerized" gasoline achieves higher octane standards with a lower lead content. Your motor operates closer to its rated capacity at lower temperatures, with a notable improvement in all-round performance.

### LONGER MOTOR LIFE

Marked improvement in carburetion given by "polymerized" gasoline, with cooler motor operation mean longer life for your motor. "Polymerized" gasoline reduces the danger of burned valves.

Change to Purity or Miracle "99" Gasoline . . . They are "Polymerized"

Drive in at the "99" Sign

## Alberta Asks Freight Cuts

Under Great Disadvantage Compared With Other Provinces. Gov't, Boards of Trade and Other Organizations Act

Premier Manning has promised that a determined effort will be made by the Alberta Government to get a revision of freight rates at the Dominion-provincial conference in August. Boards of Trade and farm organizations of Alberta have been active in pressing for revision, and have presented briefs on the question. The Calgary Board of Trade has prepared a brief which embodies most of the arguments.

One point relates to the disadvantages suffered by the wholesale trade of the province.

The wholesale trade in Alberta suffers from a very great advantage enjoyed by Vancouver competitors and, to a lesser extent, from the advantage enjoyed by Winnipeg competitors.

National transportation policy handicaps Alberta by favoring the transportation of certain commodities out of the province in a raw rather than a partly or fully finished state.

If more of Alberta's raw products were fabricated in whole or in part within the province, it would stimulate interest in mixed farming, thus lessening the dependence on wheat production; it would enlarge the provincial home market for agricultural products through the industrial employment provided and it would broaden the taxation base of the province, thus tending to promote a larger community of interests as between East and West.

For example: existing freight rates favor the export of live cattle rather than of fresh meat, or other packing house products.

Most serious effect of the freight rates structure is its effect on the cost of production in the West. The West's higher production costs represent largely freight rate charges on hauling the goods from eastern manufacturing centres to the West.

Thus Western farmers must pay higher prices for their machinery and equipment, while at the same time their incomes are being cut down by the high tolls on the commodities which they export.

Lack Truck and Water Competition

"Alberta, at the apex of class freight rate structure both on commodities entering and leaving the province, is also under natural disadvantages due to geography and the lack of any competition for the railways by water or road transportation over long distances.

Generally speaking, lower domestic freight rates prevail in Eastern Canada than in Alberta due to water and truck competition there.

Tariff Injustices  
Canada's traditional tariff policy compels Alberta to purchase a

Are YOU Eligible for  
**NEW TIRES?**

That's the \$64 question today, but we will be glad to give you the answer. If you are eligible to buy new tires, we recommend the new Dominion Royal. "There's no finer tire built." But if you are not eligible, let our expert tire men build new life and more mileage into your present tires.

## WAR DOLLARS DO THREE ESSENTIAL JOBS

### 1. HELP CARRY ON THE WAR—

Every possible dollar will be needed to bring the war to a successful conclusion. THEREFORE every dollar you lend enables you to play a vital part in the great fight for freedom.

### 2. CURB WASTEFUL SPENDING—

To retard spiraling prices and rises in the cost of living, income must be diverted from unwise purchases and made available for war use. WAR SAVINGS mean money put aside to aid essential war production.

### 3. PROVIDE A NEST EGG—

Following every major war, there is a period of economic re-adjustment. The man who has taken his share of WAR SAVINGS will find this money very useful during this transition period.

CANADIANS MUST SPEND LESS

## Milo Oddfellows Sponsor Festive Community Picnic

St and Treat for Pop, Ice Cream and Prizes. Now a Steelhead Trout From Famous Lake McGregor.

A lot of people didn't believe our Gogogo story of last week. In fact they gave it little more credence than we did attributing the phenomena to the potency of Milo beer. Let me hasten to add that the beer was consumed by the witnesses who related the story not by the correspondent. However, here is a story of something that came from Lake McGregor. We not only saw the evidence, we ate it. The same Hutterites who starred in last week's drama also starred in this. While fishing for whitefish, they discovered in their net a steelhead or salmon trout. It weighed four pounds dressed, and the flesh was the deep red of pink of the salmon. Placed upon a plate a steak cut from this and surrounded by golden-brown potato chips and a mound of peas and garnished with a little vinegar and a bit of green—but we digress, we are supposed to be writing a news column not a cook book.

Another item of nature study. The other day we were working in the office with the window open and from a nearby cage a female canary flew into the office. The poor wee mite nearly committed suicide dashing against the window but after a little petting it became quite tame and even sat on our open palm for a few moments when released. What lessons we can learn from the bird world. The brave wee soul weighed but a few ounces and yet it braved the perils of land and sea from Brazil, or South America to pay us a brief visit. And to think that we have to subject ourselves to the ignominy of receiving bonuses, grants, bally rewards, etc. It seems there's a lesson there somewhere.

Hats off and a bouquet to the Milo Oddfellows' lodge. In the old days when each little town used to inefficiently try to run its own show there was always a little money on hand to give the kids a treat at Christmas and a picnic in the summer. Under the machine-like administration of the large school divisions this little human friendly touch has been eliminated. There is money for teachers' salaries, money for expansion but for the kids' tummies, no monies. The Oddfellows remedied this in a big way. They sponsored a community picnic for all the surrounding schools and furnished the pop, the ice cream and the prizes. The picnic was well attended, by about 250 people and there was entertainment for young and old. There were races and ball games and for George Heather and others who are too old to take part in active sports there was good old horse-shoes. A brief rain in the afternoon dampened the shirts but not the spirits of the picnickers and everyone agreed that it was a most laudable undertaking on the part of the I.O.O.F.

Word has been received by Mrs. M. Monner of the marriage of her son Lac Robert Monner to Miss Muriel Sheppard of York, England. The wedding took place on June 14th and Bob's many friends will be looking forward to welcoming him and his bride in the near future.

Mr. and Mrs. Roy Tom of Queenstown, Alberta, announce the engagement of their youngest daughter Orpha Clare to Sgt. John A. Parfett, eldest son of Mr. and Mrs. J. Parfett of Bruce, Alberta. The marriage will take place on July 6, 1945 at Crescent Heights United Church, Calgary.

Speaking of rain and who isn't, prairies are really at their best this year. Ample rain is bringing the crops on fine and the weeds and wild grasses are jungle-like in the growth. The other day over an inch fell in less than twenty minutes and so far the hail damage is slight.

Word has been received by Mrs. L'Heureux of Calgary of the safe

arrival in England of her son, Tank Corporal Lawrence L'Heureux. He was reported missing in Italy before Christmas but it now transpires that he was on a secret mission and could not communicate with his mother.

William Watt, 14 year-old son of Mrs. Carman Watt, and a member of the Milo Cadet Corps has been awarded a medal by the Dominion of Canada Rifle Association for exceptional marksmanship.

picnic and annual reunion at High River park last Sunday. Forty-one members were in attendance and only four of the family within the province were unable to attend.

Mrs. E. W. Tester attended a government sponsored poultry meeting held at Calgary where new methods of turkey banding and approval were outlined. These policies were discussed in detail by C. W. Traves and F. J. Higginson. Milo and district will have a poultry field day at L. E. Richardson's some time in August. Watch for date and particulars later.

Mr. and Mrs. Earl Brown and baby are visitors at the home of Mrs. Brown's Mr. and Mrs. J. Shield.

Rev. Sharpe of the Baptist church spent a week in Brandon, Man. attending the Baptist convention there.

Orpha Tom accompanied by Sgt. Jack Parfett of Calgary were visitors at the home of the former's parents Mr. and Mrs. Roy Tom.

Quite a number of the Milo member of the Masonic Lodge, of Vulcan, attended the Masonic service and parade held at Vulcan last Sunday.

Leonard Voys has returned from Calgary where he underwent an operation upon an injured eye.

Two men looked out from prison bars. One saw mud, the other stars.

The Foot-Hills Health Unit will hold their regular pre-school clinic in the Milo old municipal office on Monday, July 16, from 2 to 4 p.m.

This is holiday time and quite a number of our citizens are either enjoying or have enjoyed the beauties of Banff. Mrs. G. Williams and family are holidaying at their cottage at Gull Lake.

Anyone interested may drop into the office and read a fine letter from "Slim" Marsden who has taken up residence at Sylvan Lake. "Slim" tells about the fifth rung of the ladder—breaking and spilling a half-gallon of paint which covered him from head to toe. Considering that he is six foot six we doubt it, but immediately wrote away to get the name of the brand of paint. That's the kind we have been looking for.

Preserves coupons P4 to P13 become valid on July 19, and that gives the final 5 pounds per person for canning.

## Brief Items of Local Interest

Mr. and Mrs. S. Tuttle and family left the first of the week for a holiday at Edmonton.

Mrs. Helen Atkinson and small daughter Bonnie, of Innisfail, are guests this week at the home of Mr. and Mrs. H. LaRoche.

Mrs. Ethel Ferguson of the Valley spent a couple of days in town renewing acquaintances last week.

Mr. and Mrs. Ed Arney were Calgary visitors on Monday.

Master David McIntyre of Macleod is spending his vacation with relatives here.

Miss Esa Tuttle arrived on Sunday to spend the summer at her home here.

Mrs. M. L. Todd left on Sunday evening for Edmonton, where she will continue her studies at the University of Alberta.

LAC and Mrs. Reg Wheeler of Calgary were week-end visitors at the F. B. Clark home. Mrs. Wheeler is a niece of Mr. Clark.

Mr. and Mrs. Ford Fisher and small daughter of Frank, Alta., motored to Vulcan at the week-end, where they visited with relatives. Mrs. Fisher and Jean Anne will remain for a couple of weeks.

John Wolfe has returned to the University of Alberta.

Mrs. P. McAskill has returned to her home here after a visit spent in Edmonton with her son and daughter-in-law, Mr. and Mrs. Allan McAskill.

Mrs. A. Scott and small son, Jay, are spending a few days in Calgary.

Mrs. McLaggan of Calgary was a business visitor to town last week. Her daughter, Gwen, who accompanied her, is remaining with friends here for a week.

Mr. and Mrs. C. Carlson and daughter Inez are Stampede visitors this week.

Mrs. Laura McIntyre is at present on a short holiday.

Friends of Mr. Roy Gold will be sorry to learn he is seriously ill at his home.

Mr. and Mrs. S. Tuttle and family of Nanton were recent guests at the Les Middleton home here.

Seventeen members of the Vulcan Detachment, Calgary Highlanders, and eleven members of the Vulcan Cadets, left on Sunday night's train for summer camp at Sarcee. The militia will stay two weeks and the cadets ten days.

An important meeting of the Legion members is to be held in the Memorial Hall July 18th at 8:30 p.m. All members are asked to make a special effort to attend.

Born to Can't-ble and Mrs. D. VanBorcom (nee Phyllis Denbigh) a daughter on July 6th, in the General Hospital, Hanna.

Miss Anne Lee has returned to her home in the district after having spent the past term at Mount Royal College, Calgary.

The Ensign Ladies' Aid met at the home of Mrs. George Gordon of High River on Thursday, July 5th, with eleven members and seven visitors being present.

Business consisted of a report on the lunch which was served at the Driggs Sale, \$38.86 being cleared in spite of the rain.

It was decided upon to send \$20 in aid of the Red Cross Crippled Children's Hospital and \$5 towards prizes for the Ensign school picnic.

At the conclusion of business Mrs. W. Turley and Mrs. L. Blair entertained with piano selections, after which a most delicious lunch was served by the hostesses, Mrs. Gordon and Mrs. Gaunz.

The next meeting will be held at the home of Mrs. W. Turley of Ensign on Thursday, August 2nd.

### GAS RETAILERS TO STAY

OPEN EVENINGS  
AND SUNDAYS

At a recent meeting of the Gasoline Retailers of Vulcan, the following resolution was passed:

"All gasoline pumps are to close at 7 p.m. on week days, except Saturdays, with the further exception of one station to be elected which may stay open until 10 p.m. and must remain open all day on public holidays and Sundays; 11 hours for Sundays and holidays to be from 9:00 a.m. to 12 noon; 1:00 p.m. until 6:00 p.m. and from 7:00 p.m. until 10 p.m.

The garage to be open for the week commencing Sunday, July 15, will be:  
**Mensinger Motors**

There will be no service in St. Aldhelm's Church until further notice.

Miss Viola Loxton is attending Summer School in Edmonton.

Word has been received that John William Ashmore, son of Mr. and Mrs. Ashmore of Vulcan, was killed in a mine accident at No. 1 East Coal Creek Colliery, Fernie, B.C., on June 26th. He was a president of the Miner's Union.

Mr. E. J. Loxton, accompanied by J. Driggs, of Ensign, spent several days in Calgary this week.

L/Seaman Jack Denbigh, RCN of H.M.C.S. Iriquois, is home on leave with his aunt and uncle, Mr. and Mrs. Guy Denbigh, before leaving for the Pacific.

LAC Stan Kettleton is at present on furlough at his home here.

### ARROWWOOD

The Junior U.F.A. had a picnic at the river on July 8th.

The Foothills Health Unit will hold their regular pre-school clinic in the Arrowwood U.F.A. hall on Tuesday, July 17, from 2 p.m. to 4 p.m.

The U.F.A. Sunday picnic at the Bow River on June 24th was very well attended. People coming from a distance were President and Mrs. George Church of Balzac, Mr. and Mrs. Harry Douglass of Vulcan, Mr. and Mrs. Wilson Oldfield and Mr. and Mrs. Ly Oldfield of Milo. After a very bountiful dinner Rev. W. Sieber of Carleton Place gave what he explained was an address and not a sermon. President George Church gave a brief talk on permanent membership in the U.F.A. and of the many activities and interests in which the organization is concerned.

Mr. and Mrs. R. Bishop and Wrote: Marvin of the RCN returned from Calgary on Saturday.

Mrs. A. Roberts was a Calgary visitor over the week-end.

Mr. and Mrs. R. Bishop and Marvin went up to Calgary on Tuesday. Mr. Bishop entered the Holy Cross hospital to undergo an operation which Mr. Bishop's many friends hope will be successful. Mrs. Bishop and Marvin returned home on Friday.

Mrs. E. J. Fleming went up on Friday to Calgary from where she joined Mrs. Thuring and Dr. and Mrs. Hesson going up to the latter's cabin on the Ghost River for a week.

Mrs. Caylen Jones went up to Calgary on Monday accompanied by Mrs. J. Doten and Miss Dorothy Jean Jones.

Pte. Leigh Williams went up to Calgary on Sunday to undergo an operation at the Col. Belcher hospital. His many friends wish him a speedy recovery.

The U.F.W.A. held their meeting in the hall on July 4th.

Mr. and Mrs. Darwin House and Jennie returned home from a lengthy visit in Rathdrum, Idaho, accompanied by Mrs. House Sr.

We are pleased to report that Bombardier Jim Mackie has arrived home safely after over four years of service with the army overseas. He was met at Calgary by Mr. and Mrs. J. Mackie. Arrowwood is very pleased to welcome Jim home. He will be joined by his wife as soon as she is allowed to come.

Mrs. R. Bishop and Marvin went up to Calgary on Friday accompanied by Mrs. M. H. Ward and son George.

Mrs. J. H. Sheeran returned home from a visit in Calgary on Friday with the closing of the school. The teachers have all left Arrowwood. Mrs. A. Roberts, Miss Mitchell, Miss Berge and Mrs. L. Sharpe went to Calgary and Miss Randle went home to Mossleigh. Miss Mitchell will return to her home in Monitor later on. Mr. and Mrs. A. Phillips and family are holidaying in Banff.

Mr. Boyden Ingraham was a Calgary visitor this week.

Rev. Mr. Sieber conducted United church services on July 8th and will hold his last service until September on July 22nd.

### MOSSLEIGH

On the afternoon of June 20, the members of the Mossleigh Blind Creek Ladies' Aid met at the home of Mrs. Hazel Fair with twenty members and five visitors present. Everyone appreciated a cessation of recent showers for one afternoon and the lovely lilac and honeysuckle bushes reminded one that nature has been lavish of her favours this season.

After the usual routine business some plans for the July meeting were discussed. A draw was made for a Mystery Sister. Mrs. Beth Peard arranged some interesting contests for the entertainment hour. At the conclusion of the meeting a delicious lunch was served by the hostess.

The next meeting will be held at the home of Mrs. F. D. Wark and the roll call will be "Recipes."
